

# UTILITY TRACK #94001

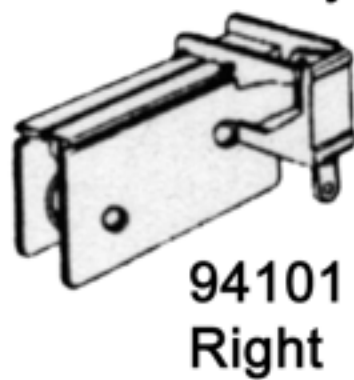

Utility Channel #94001, cord operated medium to heavy curtains.

Natural Aluminum with mounting brackets. Use brackets approx 20" (50cm) on center. We will cut to size. Maximum Length 16 ft (4.9mtrs). Stainless Steel Philips head screws included 3/4" (19mm) long.

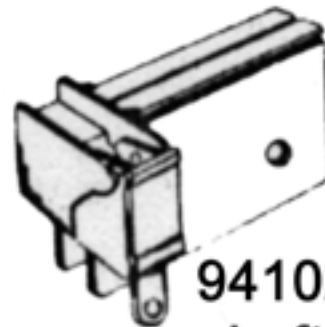

Best suited for Stage, Divider, or Wheelhouse Curtains. Designed for top mounting, but can be used with wall bracket. Available in natural or white.

This track can be used where extra strength and durability and cord operation is required.
